

Make Your Own Bunny Mask with Changeable Expressions

YOU WILL NEED:
Thick Card
(old cardboard fine)
Coloured Card
Scissors
Pen or Pencil
Blue Tack
Tape

Draw a Bunny Face shape on the thick card and cut out. The shape is basically a circle with two feather shapes for the ears. Use a plate to draw around for the circle.

Sketch some Bunny expressions. I used Google for inspiration and searched for illustrations of Bunny's with different expressions such as angry, sad and happy.

Using the coloured card make the features for the different expressions. Use blue tack to stick them so that you can then take them off the Bunny face to make other expressions.

Attach a stick to the back of your mask using the tape. I used a barbeque skewer. You might be able to find a bit of a tree branch in the park or garden?

Once you have made your mask you could take some photographs. If you upload to social media and tag: **#TopTipsTuesday**
